Re: Change in Operator, Yerian Mine, S/047/034, Uintah County, Utah

The Division is in receipt of your annual report of mining operations for the year 1990. In this report you listed yourself as the company representative or designated operator. Prior to this report the operator has been listed as Al Rice with the same address as that shown above. Our files show Al Rice as the person who initially filed a Notice of Intention to Conduct Mining and committed to the reclamation of the site.

In order for the Division to officially recognize a new operator we must have a completed transfer form. Please find enclosed a Transfer of Notice of Intention for Small Mining Operations (Form MR-TRS) for you to complete and return to the Division. Please note that this form requires the signature of both the new operator and the old operator. Also enclosed is a copy of the original Notice of Intention for your files.

If you have any questions regarding this form or permitting request please contact Tony Gallegos of the Minerals staff.

Sincerely,

Lowell P. Braxton
Associate Director, Mining
